Franky's Plan

Franky Zapata has got an amazing plan for us. In the future, humans are going to fly through the air. And we don't need wings, just a small board. How are we going to do this?

Well, Franky is the inventor of the Flyboard Air. He's going to improve his design so that he can travel for longer. At the moment, the Flyboard Air isn't safe for everyone to use, but Franky and his team are going to improve safety so that anyone can fly on it.
