

Mossy the Mole

Mossy is a baby mole. He likes to read books.

Oo

He often dreams of going outside.

"Dig, dig, dig. Dig with Mommy."

"Mommy, the book says the sky is blue, the sun is yellow, and clouds are white. Is that true?"

"Dig, dig, dig. Dig with Mommy."

"Mommy, the book says the moon is like a banana and stars can twinkle. Is that true?"

Finally, they get onto the ground.

"It's true! Blue sky, yellow sun, and white clouds!
But where are the moon and stars?"

"You can see them soon. Don't worry!"

"Mommy, it's true! Stars can twinkle! But the moon is
not like a banana. Why?"
